PRODUCTION NOTES

2019 brought a slightly lower yield in the vineyard. The fruit was handpicked and sorted in the field. It was crushed, cold soaked and fermented using a Rockpile isolate yeast. After pressing, it was barreled for 23-months. This wine has flavors of Cherry, Raspberry and Goji Berry along with an oak-driven vanilla spice..

ABOUT HOMEFIRE

Homefire has been making wine for 20-years. Our wines are moved from vineyard to winery to bottle with minimal intervention. We go for flavor, not production numbers. The grapes are naturally farmed. The work in the cellar is minimalist. The result is an authentic expression of the Dry Creek Valley appellation.
